MESSAGE FROM THE EXECUTIVE DIRECTOR

WHY WOULD I GO TO WINDSOR ON JUNE 19-23, 2019?

This will be the 48th Annual General Assembly (AGA) of the Society of Saint Vincent de Paul in Canada. It will also be a time to recharge our batteries, meet Vincentians from across the country, share with others and see the good work accomplished on a daily basis in all areas of Canada. It is important to remember that every year, close to 15,000 Vincentians in Canada bring assistance to more than 325,000 people in need.

Thursday, June 20th, will be dedicated to member education and enhancing Vincentian spirituality, through friendly exchanges in workshops addressing various topics, from social justice to governance. That is an integral part of the Society's evolving training curriculum, as described in the December 2018 Vincenpaul that outlines four areas of interest: i) Vincentian Life; ii) Leadership; iii) Spirituality; iv) Special Works/Stores.

Education is ongoing throughout our lives and we should seize every opportunity. We can always learn more.

This edition of Vincenpaul includes details of the activities and events taking place during the AGA. We encourage voting members to be present, and all members of our Society are welcome to participate in this very rewarding meeting. In line with the social teaching of the Church, these days offer an educational experience that allows us to expand the spiritual aspect of the Society's work, respecting human dignity and our preferential option for the poor. This year, we want to follow the path of natural environment stewardship, as reflected in Pope Francis' encyclical, *Laudato Si'*, and remember how important it is to keep this in mind in all of our actions.

We remind you that the statutory meeting of the AGA, a legal requirement, is taking place on Saturday afternoon, June 22nd. As noted in the Rule, Article 2.6.2, the national council must convene a meeting annually to:

- present the minutes of the previous Annual General Assembly;
- present the reports of the National President, of the Board of Directors and of the various committees;
- present the annual audited financial statements for approval;
- present the operating budget of the National Council for approval;
- vote on the appointment of financial auditors;
- discuss and vote on the adoption of all motions presented by the Board;
- proceed with the installation of the new national president, if it is an election year; (*2019 being an election year, we will proceed with the installation of Claude Bédard, President elect.*)
- present executive officers for approval;
- present, for approval, the amount of the annual financial contribution that every council must send to the national office, to cover administrative expenses as well as expenses related to the development of the Society, redistribution and international obligations.

Participation in the AGA keeps the movement alive, a movement that was started in 1833 in Paris, and is present today all over the world. Your participation helps solidify everything we have learned, and transform it into plans and actions to help people in a situation of poverty.

Looking forward to welcoming many of you at the University of Windsor, June 19 to 23.

The workshop will also include activities in which participants reflect on their social values and their values about the economy.

The Power of the Home Visit	Dcn. Paul Bezaire	A home visit is much more than a delivery of food. When we visit people in their homes, we are visiting family. In addition, the home visit is an important characteristic and powerful tool of the Society. How does a home visit bring us "together as family? This workshop will be examining such things as the lives of Frederic Ozanam, Sr. Rosalie Rendu and Emmanuel Baily, as well as excerpts from the SSVF rule. WORKSHOPS - AGA - JUNE 19-23, 2019

NAME	PRESENTER	DESCRIPTION
Successfully Connecting With Community Collaboration	Kerri Abbott	Community Collaboration is like a puzzle. We all envision that finished product; however, it takes time, patience, clarity, focus, and teamwork to complete. A key step is self-knowledge: what is our organization, what do we have to offer, what do we need, what resources do we have to ensure success of collaboration. This workshop will include a toolkit for attendees to take home. The session will include a self-checklist, plus interactive exercises to engage and share the challenges and solutions. Shared experiences of successful and bumpy collaborations will be given with a focus on how it helped strengthen community collaboration.
Gjoa Haven Community: the Partnership with Windsor-Essex	Fr. Lukasz Zajac	Fr. Lukasz, from the Gjoa Haven community in Nunavut, will provide a view of the life in the community, the pastoral work, the challenges and needs, the interactions with the group in Windsor-Essex and the handling of the sea container and the goods received, and future projects.
Information Management for Conferences and Councils by Laws and in Practice	Robert Graham, Mary Dunnigan	The information management of the Society of Saint Vincent de Paul, at all levels, is driven by requirements established by government, industry best practices and the Society. The Society's principles leverage the Canadian Government Personal Information Protection and Electronic Documents Act (PIPEDA), and parallel provincial statutes and Canada Revenue Agency (CRA) requirements. Come and hear what new requirements are in play.
History of the Society in Canada: 1846 to Today	Jean-Noël Cormier	From 1846 in Québec City to today, this session provides more than just an introduction to the Society in Canada.
Parliamentary Procedures - Robert's Rule of Order	Richard Pommainville	Point of Order! How do I get out of this procedural situation? What is the difference between a motion and a resolution? Should this be a "friendly" amendment? This workshop will assist to demystify Robert's Rule of Order.
Treasurer: a Questions & Answers Session	Solange Fortin, Dave O'Connor	Financial questions for your functions within a conference or council (financial reports, Revenue Canada Agency, T3010, issuing tax receipts, etc.)? This session would be of interest not just to treasurers but anyone who is interested in the financial requirements we need to adhere to.
